GN-11 E1T 899 Login Procedure

Purpose

The purpose of this Business Process Procedure is to explain how to log into the E1T 899 training client.

Trigger

There is a need to access the E1T 899 training client.

Business Process Procedure Overview

The E1T 899 training client is now using the SAP WebGUI interface. Use the directions below to access this data set.

Log into the E1T 899 Training Client

There are 4 steps to complete this process.

Step 1. Log into Fiori with your credentials.

Step 2. Click on the SAP GUI WEB tab. Then click on the SAP GUI WEB tile. If you do not have this tab, please reach out to one of your agency's Data Owners to request.
