

TM-31 Time Admin Quick Reference Guide

Purpose

The purpose of this job aid is to provide a quick reference to Attendance/Absence (A/A) Types (see [TM-03](#) for full descriptions), common transaction types, daily work schedules for substitutions, a visual of the leave hierarchy for approved leave, and a minutes/decimals conversion for time entry.

Attendance/Absence (A/A) Types

The Attendance/Absence (A/A) Types are used when coding time in the Employee Self Service (ESS) Portal, on a payroll time sheet and in the Integrated HR-Payroll System. A/A types are available from a drop down on Time Entry screens in ESS and the Integrated HR-Payroll System. If you are not sure which A/A type to use during a given situation, please contact your agency's Time Administrator.

Inactive A/A types can only be used for the period of time specified as valid (please see [TM-03 Attendance Absence Type Overview](#)) and may generate retroactive calculations.
