

B0119 Employee Education Verification

Purpose

The purpose of this report description is to explain how to generate the Employee Education Verification report.

Report Description

This report lists active employees' credentials.

Report Location

PA: Certification and Qualifications

Report Uses

This report is used to monitor whether the employee education qualifications have been verified. The report provides the verification status and if the verification has not been completed in time, the report displays how many days have elapsed since the hire date.

How to Generate This Report

This report is generated after selecting values for the mandatory prompts. All mandatory prompts must have values selected before the Run Icon can be used to generate the report. Mandatory prompts can be identified as mandatory by the exclamation mark inside of the yellow-orange triangle, the square with the checkmark, or the display of (Mandatory). Detailed instructions for interaction with each prompt can be found on the [Web Intelligence Prompt List](#) on the [OSC website](#).

The Mandatory prompts for this report are:

- Organizational Unit

This report can also be further limited by utilizing the Optional prompts to further limiting the amount of data that retrieved into the body of the report. Optional prompts are indicated as optional in parentheses beside the prompt.

The Optional prompts are:

- Employee(s) PersNo. – (Optional)
- Employee Group(s) – (Optional)
- Employee Subgroup(s) – (Optional)

Exclusion prompts exclude specified data by default while allowing customers the flexibility of changing them when necessary. Exclusion prompts are identified by the term Exclude followed by the prompt.

The Exclusion prompts are:

- Exclude Employee Subgroup (Contractor, National Guard) G1; G5

Image

Initial Layout

The report is generated with a list of Organizational No. of Employees by Personnel Area. This is a sample of the report:
