

B0208 Late Approvals

Purpose

The purpose of this Report Description is to explain how to run a report that displays time that has been approved late.

Report Description

This report displays time that has been approved more than a specified number of dates after the release date.

Report Location

PT: Timesheet Metrics

Report Uses

Agencies use this to help identify how long it takes a Supervisor to approve an EE's time once the time has been released for approval. The best practice is for Supervisor to approve time within one week. Failure to approve time in a timely manner may cause issues with quota balances or accruals.

How to Generate This Report

This report is generated after selecting values for the mandatory prompts. All mandatory prompts must have values selected before the Run Icon can be used to generate the report. Mandatory prompts can be identified as mandatory by the exclamation mark inside of the yellow-orange triangle, the square with the checkmark, or the display of (Mandatory). Detailed instructions for interaction with each prompt can be found on the [Web Intelligence Prompt List](#) on the [OSC website](#).

The Mandatory prompts for this report are:

- Organizational Unit

This report can also be further limited by utilizing the Optional prompts to further limiting the amount of data that retrieved into the body of the report. Optional prompts are indicated as optional in parentheses beside the prompt.

The Optional prompts are:

- Employee(s) PersNo. – (Optional)
- Calendar Day (Single Value/Interval, Mandatory)
- # Days Diff Between Approved Dt and Release Dt Greater Than
