

B0210 Liability Leave

Purpose

The purpose of this Report Description is to explain how to generate information on outstanding liability leave in the Integrated HR-Payroll System.

Report Description

This report displays outstanding Liability Leave. Columns represent each future month, and the total number of hours set to age out in that month per employee. Users have the ability to display hours by day for a more detailed report.

Report Location

PT: Comp and Liability Aging

Report Uses

Agencies use this report to help determine when Liability Leave is going to expire. This will assist Agencies with either scheduling EE to make up time or create an IT2012 to repay liability using approved leave or LWOP. If liability ages out, EE will no longer process in time evaluation.

How to Generate This Report

This report is generated after selecting values for the mandatory prompts. All mandatory prompts must have values selected before the Run Icon can be used to generate the report. Mandatory prompts can be identified as mandatory by the exclamation mark inside of the yellow-orange triangle, the square with the checkmark, or the display of (Mandatory). Detailed instructions for interaction with each prompt can be found on the [Web Intelligence Prompt List](#) on the [OSC website](#).

The Mandatory prompts for this report are:

- Organizational Unit

This report can also be further limited by utilizing the Optional prompts to further limiting the amount of data that retrieved into the body of the report. Optional prompts are indicated as optional in parentheses beside the prompt.

The Optional prompts are:

- Employee(s) PersNo. - (Optional)

Image

Initial Layout

The report has two report tabs. Below is a sample rendering.

B0210 Liability Leave

This report lists liability leave hours remaining for each employee. Each employee number is subtotaled before the grand total of the remaining hours at the bottom of the report.
