Tax revenues are presented net of refunds to taxpayers and various distributions to state and local entities based on legislation. A negative appropriation expenditure indicates that a budget code has actual receipts that exceed actual expenditures.

The schedule above presents monthly and year-to-date General Fund operations for the current and prior fiscal years as well as the annual budget and percent of budget realized or expended.

The table above presents monthly and year-to-date tax and non-tax revenues as well as the increase/decrease from the prior year.

For fiscal year 2010, when compared to the prior year through February 28, actual net tax and non-tax revenues increased by \$451.7 million, or 3.9%. Tax revenues through February 2010 increased by \$486.9 million, or 4.5%, and non-tax revenues decreased by \$35.2 million, or 5.3%. The decrease in non-tax revenues was due to Executive Order #6, a one-time transfer of \$200 million from non-General Fund sources that was effective February 27, 2009. There was not a transfer of that type in February 2010. Investment earnings for the year to date through February 2009 declined by \$73.1 million, or 71.4% due to lower rates of return on investment and lower cash availability for investment.

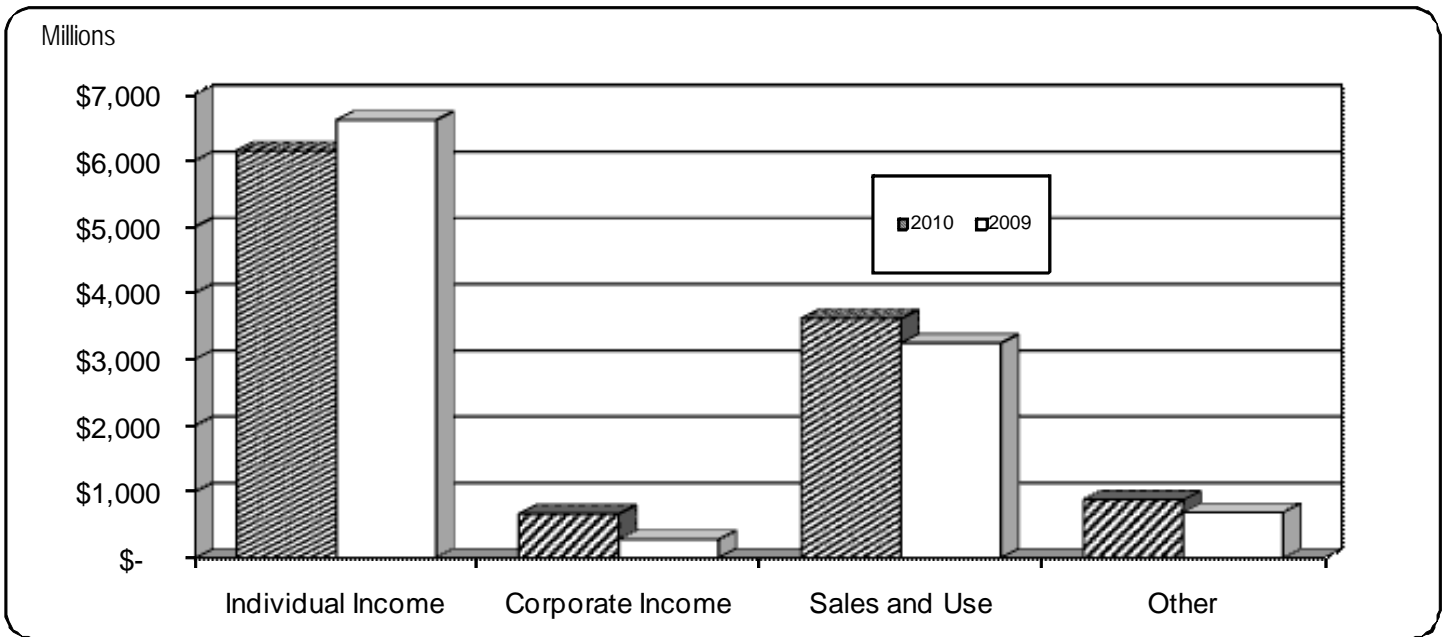

For fiscal year 2010, when compared to the prior year, Corporate Income Tax Revenue and Non-Tax Revenue Other showed large changes. Senate Bill 202, Session Law 2009-451 authorized the transfer of funds during the months of October 2009 and November 2009 to be accounted for as Non-Tax Revenue. Corporate Income Tax Revenue saw an increase during the month of December 2009 as a result of the Department of Revenue's initiative to focus on outstanding cases in which the Department and the taxpayer had disputes over the proper calculation of taxes due to the State. The Department collected a net of \$427.2 million from 236 corporate entities between August 2009 and December 2009, with the majority of the collections being received in December.

The State and Local Sales and Use Tax rate changed effective October 1, 2009. The State rate increased from 5.5% to 5.75% while the local rate decreased from 2.25% to 2% in all counties except Alexander, Catawba, Cumberland, Haywood, Martin, Pitt, Sampson, and Surry where the county rate decreased from 2.5% to 2.25%. The Sales and Use Tax Revenue has been steadily increasing since this rate change.

Revenues and expenditures never occur evenly over the course of the fiscal year. During fiscal year 2010, the State continues to implement a cash flow management process that monitors state agency spending requirements. At February 28, 2010, not all refunds processed had been disbursed. Processed refunds pending amounted to \$224.8 million.
