SUMMARY OF FINANCIAL CONDITION

January 31, 2006

Tax revenues through January 2006 were more than the period through January 2005 by \$935.7 million, or 10.7%. Tax revenues are presented net of refunds to taxpayers and various transfers. Comparisons of current and prior year tax revenues are difficult due to legislative changes and netting of various transfer expenditures against the tax revenue sources. Examples of such transfers include:

- reimbursements to local governments;
- reimbursements for costs of administration of sales and use tax for local governments; and
- transfers to the Public School Building Capital Fund and Critical School Facility Needs Fund.

Non-tax revenue through the end of January 2006 was \$5.3 million, or 1.2%, less than through the end of January 2005. Investment revenues increased by \$22.7 million from the prior year through the end of January.
