SUMMARY OF FINANCIAL CONDITION

October 31, 2001

Tax revenues through October 2001 were greater than the period through October 2000 by \$94.6 million, or 2.5%. Tax revenues are presented net of refunds to taxpayers and various transfers. Comparisons of current and prior year tax revenues are difficult due to legislative changes and netting of various transfer expenditures against the tax revenue sources. Examples of such transfers include:

- reimbursements to local governments;
- reimbursements for costs of administration of sales and use tax for local governments; and
- transfers to the Public School Building Capital Fund and Critical School Facility Needs Fund.

Non-tax revenue through the end of October 2001 was \$23.3 million, or 5.4%, less than through the end of October 2000. Investment revenues decreased by \$14.3 million from the prior year through the end of October 2001.
